

**spectrophotometric determination of uranium with arsenazo ...** - loughborough university institutional repository spectrophotometric determination of uranium with arsenazo-iii in perchloric acid this item was submitted to ... **analytical determination of uranium (vi) by spectrophotometry** - 12 speciation and spectrophotometric determination of uranium in seawater microgram levels involves extraction and preconcentration steps 12 13 ... **spectrophotometric determination of uranium in waste water ...** - turk j chem 23 (1999) , 275 { 284. c tub, itak\_ spectrophotometric determination of uranium in waste water of phosphoric acid and fertilizer manufacturing process **spectrophotometric determination of aluminum in uranium ...** - spectrophotometric determination of aluminum in uranium metal and its compounds1 abstract x rapid spectrophotometric method for the determination of small amounts ... **spectrophotometric determination of uranium using 2-(2 ...** - spectrophotometric determination of uranium using 2-(2-thiazolylazo)-p-cresol (tac) in the presence of surfactants leonardo sena gomes teixeira a\*, antonio celso ... **spectrophotometric determination of trace amounts of ...** - talanta 71 (2007) 610-614 spectrophotometric determination of trace amounts of uranium(vi) in water samples after mixed micelle-mediated extraction **spectrophotometric determination of uranium (vi) via ...** - indian journal of chemical technology vol. 16, september 2009, pp. 437-441 spectrophotometric determination of uranium (vi) via complexation with **non-extractive spectrophotometric determination of u(vi) ...** - ,spectrophotometric determination of uranium (vi) in tap water ,well water, ... isonicotinoyl hydrazone (5-brsainh). the reagent forms pale **spectrophotometric determination of nitrous acid in the ...** - spectrophotometric determination of nitrous acid in ... of the spectrophotometric method for determination of ... effect of uranium and zirconium on the determination **spectrophotometric determination of uranium(vi) using a** - pillai, shinde: determination of u(vi) ethyl acetoacetate has been used before in titrimetric analysis as a metal indicator i and, along with aro- **on the spectrophotometric determination of with 2-(5-bromo ...** - on the spectrophotometric determination of uo<sup>2+</sup> with 2- ... dimethylformamide suitable for the determination of uranium in natural waters. experimental **separation and spectrophotometric determination of thorium ...** - journal of radioanalytical and nuclear chemistry, vol. 248, no. 3 (2001) 549-553 separation and spectrophotometric determination of thorium contained in uranium ... **extraction-spectrophotometric determination of uranium/vi ...** - j.radioanalchem.,letters 106 [5] 309-317 /1986/ extraction-spectrophotometric determination of uranium/vi/ with tropolone g.h. rizvi **spectrophotometric determination of uranium using tris-[2 ...** - 62 chem sci trans., 2014, 3(1), 61-66 of reproducibility, simplicity, rapidity and sensitivity. heterocyclic azo compounds have **spectrophotometric determination of traces of silicon as ...** - spectrophotometric determination of traces of silicon as molybdenum blue in uranium dioxide d ... in the procedures for the determination of silicon in uranium **simultaneous spectrophotometric determination of uranium ...** - introduction uranium and thorium are important elements in industry especially as energy sources. many methods have already been developed for the determination of ... **spectrophotometric determination of uranium(vi) with ...** - notes 84 bull. korean chem. soc . 2001, vol. 22, no. 1 notes spectrophotometric determination of uranium(vi) with pyrocatechol violet in surfactant media **micelle-mediated extraction for direct spectrophotometric ...** - the proposed method has been applied to the spectrophotometric determination of uranium(vi) in natural water samples after cloud point extraction with satisfactory **determination of uranium in natural waters - usgs** - accuracy of the uranium determination ... of the reagents useful for direct spectrophotometric de ... determination of uranium in natural ... **title spectrophotometric determination of uranium by ...** - title spectrophotometric determination of uranium by solvent extraction as acetylacetonate author(s) tabushi, masayuki citation bulletin of the institute for chemical ... **cloud point extraction and spectrophotometric ...** - m. b. gholivand et al., cloud point extraction and spectrophotometric determination of uranium (vi) 291 croat. chem. acta 85 (2012) 289. u(vi) in this medium reacts ... **spectrophotometric determination of uranium (vi) with 3 ...** - university of windsor scholarship at uwindsor electronic theses and dissertations 1971 spectrophotometric determination of uranium (vi) with 3 ... **derivative spectrophotometric determination of uranium (vi) ...** - reddy et al. full paper orbital elec. j. chem., campo grande, 3(1): 24-31, 2011 25 25 as spectrophotometric reagents for the determination of uranium (vi). **spectrophotometric determination of uranium in water ...** - a. niazi & et al. / j. iran. chem. res. 4 (2011) 227-233 228 nonionic surfactants are heated above the cloud point temperature, two phases are formed. **solvent**

**extraction and spectrophotometric determination of ...** - solvent extraction and spectrophotometric determination of uranium (vi) using 2,2-[1,2-phenylenebis(nitrilomethylidene)]bisphenol (bsopd) as an analytical reagent **spectrophotometric measurement of uranium in ... - fas** - spectrophotometric measurement of uranium in plutonium ... size of 70 mg permits the determination of 300 to 1100 ppm of uranium with ... uranium. spectrophotometric. **spectrophotometric microdetermination of thorium(iv) and ...** - both thorium and uranium are of great interest as they are used in the production of energy ... spectrophotometric determination of uranium(vi) ... **spectrophotometric determination of plutonium-239 based on ...** - spectrophotometric determination of plutonium-239 ... study.4 uranium can be tolerated at levels exceeding 100 mg/g of ... for the spectrophotometric measurement, ... **simple and rapid spectrophotometric method for ...** - simple and rapid spectrophotometric method for determination of uranium (vi) in low grade  $\text{UO}_2$  complex at a constant concentration at 651 nm was studied **determination of stability constant of uranium complex ...** - determination of stability constant of uranium complex ... spectrophotometric methodse average values of logarithms of the stability constants for complexes of ... **spectrophotometric studies of uranium (vi)-pongamol complex** - minimum amount of reagent necessary for the determination of uranium to 1.0ml. of  $10^{-3}$  m uranium (vi) ... spectrophotometric studies of uranium (vi) ... **supramolecular solvent microextraction of uranium at trace ...** - due to its toxicological chemical and radioactive nature the determination of uranium in water and other ... been used for the spectrophotometric determination of u ... **spectrophotometric studies on chelating behavior of ...** - in the present paper a simple, accurate, sensitive and fast spectrophotometric method for the determination of uranium (vi) concentration ... **automated determination of uranium(vi) at ultra trace ...** - original paper automated determination of uranium(vi) at ultra trace levels exploiting flow techniques and spectrophotometric detection using a liquid waveguide ... **title dibenzoylmethane as a chelating reagent in solvent ...** - extraction and spectrophotometric determination author(s) shigematsu, tsunenobu ... for the solvent extraction and the spectrophotometric determination of uranium". **rapid determination of molybdenum and titanium in uranium ...** - rapid determination of molybdenum and titanium in ... without any interference from uranium. the determination of ... spectrophotometric determination ... **supramolecular based-ligandless ultrasonic assisted ...** - spectrophotometry has been used for determination of uranium ... direct determination of trace uranium by spectrophotometric methods is not sufficiently sensitive ... **spectrophotometric determination of fluoride in drinking ...** - it is used in the spectrophotometric determination of uranium, palladium, copper, etc. (gregorowicz et al., 1983; jancar et al., **spectrophotometric determination of the oxygen to metal ...** - spectrophotometric determination of the oxygen to metal ... oxygen/uranium (o/u) ... spectrophotometric methods do not require weighing and complete dissolution of ... **spectrophotometric determination of thorium with the ...** - spectrophotometric determination of thorium with the trisodium salt of 2- ... table of contents ... uranium(rv,  $\text{U}^{5+}$  and vi), titanium ... **simultaneous spectrophotometric determination of uranium ...** - simultaneous spectrophotometric determination of uranium and thorium using arsenazo iii by h-point standard addition method and partial least squares regression **the uranium determination in commercial iodinated salt** - the uranium determination in commercial iodinated salt ...  $\text{UO}_2$  spectrophotometric determination of the complexes ... 3 the uranium determination in commercial ... **analytical determination of uranium (vi) using 4-** - develop the analytical procedures for the micro gram determination of uranium. ... a new spectrophotometric method is reported for the determination of micro gram ... **performance of uranous nitrate and aceto hydroxamic acid on ...** - determination. uranium values vary with  $\text{rsd}\% = 5\%$  in the spectrophotometric determination of uranium by par method. 2.4. partitioning studies **spectrophotometric determination of mercury with iodide ...** - spectrophotometric determination of mercury with ... spectrophotometric methods for the trace amount determination of hg ... uranium, thallium, palladium, **issn 0975-508x coden (usa) aasrc9** - derivative spectrophotometric determination of iron and uranium. very few methods 25 have been reported for the simultaneous determination of iron and uranium. **in the uranium ores of india analysis of uranium** - spectrophotometric determination of uranium in sulphuric acid leach solution : uranium is separated from contaminants by solvent extraction from aluminium nitrate ... **developed method for low concentration determination of ...** - developed method for low concentration determination of uranium . ... the determination of uranium, ... third derivative spectrophotometric determination was recorded
